

DCH has identified an issue of incorrect HIPAA Claim Adjustment Reason Codes (CARC) and Remittance Advice Remark Codes (RARC) being reported on providers' remittance advices. The most prevalent code is CARC- 110 - (Billing date predates service date).

Any questions regarding this HIPAA CARC code may be directed to the Provider Support Line at ProviderSupport@michigan.gov. MDCH is undergoing a review of all the affected CARC and RARC codes and will resolve the issue as soon as possible.
